

Visionnz 2010

9-10 October 2010
Skycity Conference Centre
Auckland

- Education programme for optometrists and practice staff
- A full industry exhibition with broad range of optical suppliers represented
- Social networking opportunities

Visionz2010

Visionz is a trade fair established to showcase the New Zealand optical industry in its entirety and unite it in one key location at one time. It will be the largest trade fair held to date in New Zealand, with over 40 optical wholesalers exhibiting.

Visionz is the ideal event to view the most up-to-date equipment and instruments, frames and sunglasses, accessories and the latest ophthalmic lens technologies.

Being held in conjunction with Visionz is an extensive educational programme, EduVisionz. With a clinical and business programme it is the ideal event to gain continuing education points or some valuable business skills from an extremely impressive line up of high calibre speakers.

To celebrate the inaugural Visionz event the opening cocktail function will provide the perfect opportunity to catch up with colleagues and friends and meet others from the industry. Registration for all parts of Visionz, including the fair, EduVisionz and the cocktail function are essential due to their popularity already. This can be done by completing the adjacent form or online at www.registerhere.co.nz.

The central location at the Skycity Convention Centre in Auckland's CBD also offers an exciting array of attractions, shopping, bars and restaurants.
